

CONGRATULATIONS ON CHOOSING TRAINING, CAREERS & COMPLIANCE AUSTRALIA

Training, Careers & Compliance Australia (TCCA) RTO Number 45319 is an independent, privately-owned Registered Training Organisation. Peta the Director of TCCA had been the Training and Development Manager of Active Training Specialists for 5 years and worked in the Vocational Education and Training (VET) sector for almost 20 years, across a range of qualifications and Institutes. We offer a common sense, client-focused approach to all training that we design, deliver and assess. Our design and delivery staff are highly experienced, qualified, and continually developing their training, assessment and industry specific skills and knowledge. We provide consultancy services to business to analyse their needs, develop objectives and policies and procedures for their training systems and programs. We then write the materials to achieve their specifications, drive results within their teams and business operations, ensuring their system is robust and sustainable.

COURSE DETAILS:

This is a general qualification for a person engaged in the rail infrastructure environment who performs tasks involving track protection in a variety of contexts. It may involve application of some discretion and judgement in selecting equipment, services or contingency measure. It may also include responsibility for coordinating the work of others.

TRAINING PACKAGE RULES:**Total number of units = 11****5 Core units plus****6 Elective units**

- 5 core units listed below plus
- 3 specialist elective units from the specialist elective units listed below plus
- 3 general elective units from the general elective units listed below or the remaining specialist elective units listed below. Up to 3 of the general elective units may be selected from any relevant nationally endorsed Training Package. The general elective units must contribute to the vocational outcomes of the qualification.
